Standby pump

Installing a standby pump **guarantees year-round reliable operation** – takes over in event of failure.

Models VXI 9, VXI 18, VXI 27, VXI 36, VXI 50, VXI 70, VXI C072, VXI C108, VXI 95, VXI 145, VXI 180, VXI 144, and VXI 215 can have a standby pump, located on the opposite side.

For models VXI 190, VXI 290, VXI 360, VXI 288 and VXI 430 standby pumps are not possible.

Want to benefit from a standby pump? Contact your [local BAC representative](https://www.baltimoreaircoil.eu/en/products/VXI-standby-pump).
